COMMENTS ON STATEMENT OF REASONS FOR ALLOWANCE

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

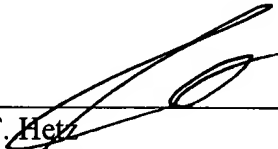

Dear Sir:

Applicants wish to note that the elements specifically recited in the claims provide the meets-and-bounds of the claims, and any remarks in the Statement of Reasons for Allowance should not be read into the claims. For example, the Statement of Reasons for Allowance states that independent Claim 8 recites a memory device with a structure defined in the specification at pages 11-14. However, the details mentioned in the specification should not be read into the

claims. Further, in discussing independent Claim 1 and 12, some elements of Claim 1 were mentioned. However, these elements are not recited in Claim 12. Accordingly, those elements should not be read into Claim 12. Finally, it should be noted that the details set forth in the introductory paragraph of the Statement of Reasons for Allowance regarding what the invention is drawn to should not be read into the claims.
